Subject: FW: Request for comments - Office of Surface Mining's Draft EIS for the Stream Protection Rule

John,

Attached are the comments that Tim has put together on the draft EIS for OSM's Stream Protection Rule. As you can see from the email below, OFA has reached out to the program offices individually, so we would like to send comments back directly to Elaine on behalf of OWOW. [REDACTED]

Ex. 5 - Deliberative

Please let Tim or I know if you are OK with us responding back to OFA this week or if you have questions.

Thanks

Subject: Request for comments - Office of Surface Mining's Draft EIS for the Stream Protection Rule

All:

The Office of Surface Mining has published it's draft EIS for the Stream Protection Rule. OFA is responsible for collating EPA's 309 review comments. We will be working closely with OW and the other interested HQs program offices, as well as the Regions. Comments from the associate reviewers should be received on or before September 1, 2015. Given OW's primary role and the need for the Administrator's review of this rule, the HQ's review may take a bit more time than usual. Receiving comments in the requested timeframe would be greatly appreciated.
